BACKGROUND TO SOLICITATION

- We made our first investment in Shares of Cavalier in January 2006.
- In June 2008, we commenced discussions with the Board concerning the Company's business strategy and operations, including the growth and expansion of the Company's financial services subsidiary, CIS Financial Services Inc. ("CIS").
- On June 20, 2008, Curtis Hodgson and Kenneth Shipley, in their capacity as direct and indirect beneficial owners of Shares and as managers of GPLH, the general partner of Legacy, met with the Board to discuss certain strategic alternatives, including a possible business combination between the Company and another public or private company in the home manufacturing business, one of which was Legacy. At this time, we believed Cavalier's best opportunity to increase revenues and maximize stockholder value was to consolidate with another company in the industry and expand its financial services segment. We also believed Legacy's experience in the inventory-financing market would compliment CIS's operations and assist in the growth of the Company's financial segment. To this end, Messrs. Hodgson and Shipley proposed a possible stock-for-stock merger between Legacy's two-plant manufacturing operation and inventory-financing operation and the Company's manufacturing operation and consumer financing operation. The Board did not respond to this merger proposal. After considering the steady decline in the Company's revenues and poor stock performance, Messrs. Hodgson and Shipley concluded that a merger was not financially beneficial to either party and abandoned the proposal. Messrs. Hodgson and Shipley did not propose a business combination between the Company and any other participants in this solicitation.
- On January 7, 2009, Kenneth Shipley spoke with Bobby Tesney, the Company's President and Chief Executive Officer, and learned that the Company intended to sell CIS.
- On January 8, 2009, Curtis Hodgson sent a letter to Barry Donnell, the Chairman of the Board, urging the Board to reconsider the sale of CIS. Mr. Hodgson expressed our belief that the Company should not only retain CIS, but also expand into wholesale and retail lending in order to remain profitable. The Board did not respond to our letter.
- On January 21, 2009, the Company announced it had entered into a Stock Purchase Agreement with Triad Financial Services, Inc. to sell CIS and that it had retained Avondale Partners as its financial advisor in connection with the evaluation of its strategic alternatives. In light of this announcement, we emailed Mr. Donnell to informally communicate our intent to nominate the Nominees for election at the Annual Meeting. We believe the Board has failed to realize the potential growth opportunities and profits in home financing and without immediate change at the Board level the Company would lose this source of profitability. The Board did not respond to our email and did not request any additional information regarding the Nominees.
- On February 5, 2009, we sent a letter to Cavalier formally notifying the Company of our intent to nominate the Nominees for election to the Board at the Annual Meeting. The Board did not respond to our letter.

- On March 4, 2009, the Board announced, effective February 26, 2009, that it had increased the size of the Board to eight members and appointed three new directors to fill the vacancies created by the expansion of the Board, the retirement from the Board of John W. Lowe in May 2008 and the resignation of David A. Roberson in August 2008.
- Also on March 4, 2009, the Company announced the closing of the sale of CIS on February 27, 2009.
- On March 12, 2009, we issued a press release announcing our slate of Nominees and expressing our disappointment with the sale of CIS, the expansion of the Board and the appointment of three new directors with little or no experience in the manufactured housing industry.
- On March 18, 2009, Cavalier's legal counsel contacted our legal counsel to discuss the possibility of settling this proxy contest.
- On March 20, 2009, our legal counsel had a telephonic conference call with Cavalier's legal counsel to discuss our settlement points, which included, among other things, to decrease the size of the Board from eight to seven members, immediately appoint our three Nominees to the Board following the resignation of three current directors, adopt a director stock ownership policy and amend the Company's Amended and Restated Bylaws (the "Bylaws"), to eliminate certain anti-takeover provisions. To date, the Company has not responded to our proposed settlement.

REASONS FOR OUR SOLICITATION

We are significant stockholders of the Company. The Committee owns in the aggregate a total of 1,694,892 Shares, representing approximately 9.6% of the issued and outstanding Shares. As significant stockholders, we have a vested financial interest in the maximization of the value of the Shares for all stockholders. Unfortunately, we do not believe the Board is acting in the best interests of its stockholders.

Under the Company's current leadership, Cavalier's stock price has declined approximately 77% over the past three years, from \$7.06 on April 6, 2006 to \$1.62 on April 6, 2009. Over the same period, the Company's revenues have declined approximately 27% and over the past ten years have declined by approximately 73% from approximately \$614.5 million in the fiscal year ending December 31, 1999 to approximately \$164.4 million in the fiscal year ending December 31, 2009. While general weakness in the stock market and increasing competitive pressures within the industry have impacted the Company, we believe the Board's ill-conceived business strategies, including the recent sale of CIS and the appointment of three new directors, with no experience in the manufacturing home business, demonstrate a lack of good judgment and have contributed to the greater erosion of stockholder value. The Company's revenues and stockholder's equity have been declining for many years and, in our opinion, cannot be excused simply by the recent turmoil in world financial markets. As a result, we believe the Board must be reconstituted in order to turn the Company around.

In our opinion, the election of the Nominees represents the best means for Cavalier's stockholders to maximize the value of their Shares. If elected, our Nominees will attempt to work with the other members of the Board to pursue options that we believe are in the best interests of all stockholders. In particular, our Nominees would seek to re-enter the home financing market with the focus of restoring profitability to the Company. The Nominees would also explore all strategic alternatives, including the consolidation of the Company with another public or private company in the industry, if in the best interests of the Company. We have not identified any specific acquisition opportunities at this time. We would like to make it clear that we are not attempting to take control of the Company. If our Nominees are elected to the Board, they will comprise a minority of the Board. We believe our Nominees can contribute significant experience in the home manufacturing and finance business and can help to improve the value of the Shares for the benefit of all stockholders.

We question the Board's strategic direction and recent business decision to sell CIS.

For the past three years, the Company's only source of profitability has been its financial services subsidiary, CIS. CIS provided financing to retail customers of manufactured home dealers and also offered a variety of conventional loan programs. Based on our experience in the industry, we believe CIS gave Cavalier a unique competitive advantage over its competitors, particularly in connection with establishing and serving independent retailers, given the fact that the most common method of financing a manufactured home is through a retail installment contract, available through retailers. We were therefore deeply concerned with the Board's announcement to sell CIS in January 2009. Despite our efforts to dissuade the Board from selling CIS, the Board completed the sale in February 2009. We believe this was a critical mistake by the Board, which has significantly eroded stockholder value. The Board's decision to sell CIS clearly demonstrates that it does not understand or appreciate the potential growth opportunities in wholesale (dealer) and retail (consumer) lending.

We believe there are many advantages to re-entering the wholesale and retail financing market. At the wholesale level, dealers finance a majority of their purchases of manufactured homes through wholesale “floor plan” financing arrangements. Under a typical floor plan financing arrangement, a financial institution provides the dealer with a loan for the purchase price of the home and maintains a security interest in the home as collateral. As a result, the Company could earn profits not only on the sale of its inventory to dealers, but also on the financing of such inventory. At the retail level, many manufactured homes are eligible for government-insured loans. Last year, the Federal Housing Administration (“FHA”) announced an increase in its guarantees for manufactured homes. With this increase, we believe a robust market for federally-insured loans will develop. Although there are risks associated with wholesale and retail financing, such as nonpayment, default and the inability to repurchase inventory and/or recover costs, we believe these risks are minimized given the Company’s use of a large number of independent dealers, low competition in the market and, with respect to retail financing, a potentially expanded federal insurance program.

We further believe the lack of financing for independent retailers is a significant problem for the Company’s manufacturing operation. The Company has even acknowledged this problem in its most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (“SEC”). The Company stated, “Our industry suffers from a lack of third-party financing, and our financial condition and results of operations could be negatively affected if additional third-party financing for the purchases of our homes does not become available.” The Company further stated, “The much-anticipated infusion of new and competitive lending capacity, which we believe is essential to support demand at higher levels, has not yet materialized.” We question then why the Board would decide to sell CIS, given its profitability and the scarcity of lenders in the industry.

While we are cognizant of the slowdown in the overall housing market and the prevailing economic uncertainties and credit crisis, we believe the Company is well positioned to succeed in this very challenging environment, if it refocuses its business on financing. Unlike many of its peers, who are capital constrained or highly leveraged, Cavalier has an overcapitalized balance sheet, with cash on hand at over \$31 million. If elected, our Nominees would seek to invest this excess cash to re-enter the home financing market. Our Nominees would also reach out to existing mortgage lenders approved by the FHA to assist in this re-entry.

Collectively, our Nominees have over forty years of experience in the business of home financing. We believe this expertise is vital for the Company to re-enter the home financing market and restore profitability to the Company.

We question the motivation of the Board in expanding the size of the Board and appointing three new directors.

Effective February 26, 2009, the Board expanded the Board size to eight members (from seven) and announced the appointment of three new directors to fill the vacancies created by the new directorship, the retirement of John W. Lowe in May 2008 and the resignation of David A. Roberson in August 2008. According to the Company’s SEC filings, each of the new directors has little or no experience in the manufacturing home business. We question whether this expansion of the Board and appointment of three new directors had more to do with responding to our director nominations instead of acting in the best interest of the Company.

Conversely, our Nominees collectively have **over 100 years** of experience in the manufactured home business, including the fields of manufacturing, retail sales, wholesale sales, park development, wholesale lending and retail lending, as further discussed in their biographical extracts below. If elected to the Board, the Nominees will endeavor to use their experience to oversee the Company with a goal of implementing the strategic and operational changes highlighted by the Committee. Specifically, our Nominees would push the Company to re-enter the home financing market, as well as explore any other viable alternatives to maximize stockholder value, including, but not limited to, consolidating the Company with another strategic partner in the industry. We have not identified any specific acquisition opportunities at this time. Our immediate focus is to maximize the value of the Shares by returning profitability to the Company.

The Nominees, if elected, will represent a minority of the Board. If elected, the Nominees will, subject to their fiduciary duties as directors, work with the other members of the Board to take those steps that they deem are necessary to maximize stockholder value. Although the Nominees will not be able to adopt any measures without the support of at least some members of the current Board, we believe the election of the Nominees will send a strong message to the Board that further operational and strategic changes are required in order to maximize stockholder value.

We believe Cavalier has maintained poor corporate governance practices.

The Committee believes that Cavalier has maintained poor corporate governance practices that inhibit the accountability of management and directors to stockholders. The following are examples of what we believe to be the sub-standard corporate governance practices of Cavalier:

- Under the Company's Bylaws, the affirmative vote of the holders of at least 80% of the outstanding shares entitled to vote is required in order to amend the Company's Bylaws.
- Under the Company's Bylaws, all vacancies on the Board, including those resulting from removal or an enlargement of the Board, may only be filled by directors.
- Stockholders do not have an express right to call a special meeting of stockholders under the Company's Bylaws.

We believe governance provisions such as these are contrary to corporate governance best practices and serve to entrench the Board. If elected, the Nominees will, subject to their fiduciary duties, lobby the Board to eliminate the Company's anti-takeover provisions and use their best efforts to implement corporate governance reform.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

We expect that the Board will nominate eight directors for election at the Annual Meeting. For the reasons stated above, we are seeking your support at the Annual Meeting to elect the Nominees in opposition to Cavalier's director nominees. Your vote to elect the Nominees will have the legal effect of replacing three incumbent directors of Cavalier with our Nominees. If elected, the Nominees will represent a minority of the members of the Board.

Broughton, III, Barry B. Donnell and Bobby Tesney, FOR the proposal to consider the ratification and approval of the appointment of Carr, Riggs & Ingram, LLC as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2009 and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting.

According to Cavalier's proxy statement for the Annual Meeting, the Board intends to nominate eight candidates for election as directors at the Annual Meeting. This Proxy Statement is soliciting proxies to elect our three Nominees. Stockholders will also have the opportunity to vote for the candidates who have been nominated by Cavalier other than Thomas A. Broughton, III, Barry B. Donnell and Bobby Tesney. This gives stockholders who wish to vote for our Nominees and such other persons the ability to do so. Under applicable proxy rules, we are required either to solicit proxies only for our Nominees, which could result in limiting the ability of stockholders to fully exercise their voting rights with respect to Cavalier's nominees, or to solicit for our Nominees and seek authority to vote for fewer than all of the Company's nominees. The names, backgrounds and qualifications of the Company's nominees, and other information about them, can be found in the Company's proxy statement. There is no assurance that any of the Company's nominees will serve as directors if our Nominees are elected.

QUORUM

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. The presence in person or by proxy of the holders of a majority of the outstanding Shares entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions are counted as present for purposes of determining whether a quorum is present at the meeting.

VOTES REQUIRED FOR APPROVAL

Election of Directors. Directors are elected by a plurality of the votes cast at the Annual Meeting. The director nominees who receive the largest number of votes cast will be elected, up to the maximum number of directors to be elected at the Annual Meeting. A vote to "withhold authority" for any director nominee will have no impact on the election of directors.

Vote required to ratify and approve the appointment of Carr, Riggs & Ingram, LLC. The proposal to consider the ratification and approval of the appointment of Carr, Riggs & Ingram, LLC as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2009, will require the affirmative vote of a majority of the Shares entitled to vote present in person or represented by proxy at the Annual Meeting. An abstention will have the effect of a vote cast against this proposal.

DISCRETIONARY VOTING

Shares held in "street name" and held of record by banks, brokers or nominees may not be voted by such banks, brokers or nominees unless the beneficial owners of such Shares provide them with instructions on how to vote.

REVOCAION OF PROXIES

Stockholders of Cavalier may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy, which is properly completed, will constitute a revocation of any earlier proxy. The revocation may be delivered either to the Committee in care of Okapi Partners LLC at the address set forth on the back cover of this Proxy Statement or to Cavalier at 32 Wilson Boulevard 100, Addison, Alabama 35540, or any other address provided by Cavalier. Although a revocation is effective if delivered to Cavalier, the Committee requests that either the original or photostatic copies of all revocations be mailed to the Committee in care of Okapi Partners LLC at the address set forth on the back cover of this Proxy Statement so that the Committee will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares. Additionally, Okapi Partners LLC may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD OR FOR THE RATIFICATION AND APPROVAL OF THE APPOINTMENT OF CARR, RIGGS & INGRAM, LLC, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED GOLD PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by the Committee. Proxies may be solicited by mail, facsimile, telephone, telegraph, Internet, in person and by advertisements.

The Committee has entered into an agreement with Okapi Partners LLC for solicitation and advisory services in connection with this solicitation, for which Okapi Partners LLC will receive a fee not to exceed \$75,000, together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Okapi Partners LLC will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. The Committee has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. The Committee will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Okapi Partners LLC will employ approximately 15-20 persons to solicit Cavalier's stockholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by the Committee pursuant to the terms of the Joint Filing and Solicitation Agreement (as defined below). Costs of this solicitation of proxies are currently estimated to be approximately \$225,000. The Committee estimates that through the date hereof, its expenses in connection with this solicitation are approximately \$125,000. The Committee intends to seek reimbursement from Cavalier of all expenses it incurs in connection with the Solicitation. The Committee does not intend to submit the question of such reimbursement to a vote of security holders of the Company.
